Lyrrik
Abigail
Isabella
Sophia
Olivianna
Alexa
MyLiyah
Ziomara
Demar
Elijah S.
Cristina

Time really does fly because it is already May! It seems like yesterday that we began this very different school year. This year has presented some challenges but we banded together and we've worked it out.

Teacher Appreciation Week May 3 - 7
Teachers change the lives of children every day and this school year with a mix of virtual and in-person learning, the task of ensuring that every child was reaching their full potential was even more difficult to achieve. Someway, somehow our teachers made it happen.

Thank you Teachers!!!

FUN FAMILY ENGAGEMENT ACTIVITIES

PARENT VOLUNTEER & LEADERSHIP OPPORTUNITIES

Learning At Home Activities: Go for a Walk!

Take a walk around outside! Use one of these activities to encourage your child to explore the world around them!

Play a game of "I-Spy" by naming the color of an object you see while you are walking. Ask your child to guess the object by having them look for the color!

Ask your child to count the numbers of objects you see while you are walking! How many cars drive by? How many birds and squirrels are there in the trees? How many cracks are there in the sidewalk?

Estimated Time: 20-30 minutes
Subject: Exercise

Yummy in My Tummy:

Good nutrition helps our bodies stay healthy and strong. Monica Marr with the Illinois Nutrition Education Program has provided us the opportunity to learn that cooking can be just as enjoyable as eating! Follow the link for tips and ideas.
